Last weekend my family and I went to the zoo. There were many other visitors and we had to wait over two hours to buy our tickets. Once we were inside we had a look at one of the many maps that are placed everywhere. We decided to visit the butterflies first. Afterwards we went to see the monkeys, bears, lions and panthers.

Around midday we had lunch at one of the two restaurants. We had drinks and something to eat. In the afternoon we went to see the elephants and rhinoceroses¹. We also visited the greenhouses and discovered different plants. The water lilies² were my favourite, I think. Our last stop before leaving the zoo were the penguins.

I enjoyed the trip a lot and I hope to go there again very soon.

¹ rhinoceros = Nashorn

² water lily = Seerose
